Nature PLANTATION DRIVE

On 22nd March 2024, our students of classes 4-7 came together for a Plantation Drive with the motive of promising a greener campus and cleaner environment for all. Being the last day of the session 2023-24, the students planted saplings of flowers and shrubs under the guidance of the Nature Club incharges and the Student Life Coordinator Ms. Anju Srivastava along with their class teachers. This initiative symbolised our commitment to sustainability and environment.

‘Be like the tree;
Change your leaves and
keep your roots.
Change your ideas and
keep your principles.’

"ROOT FOR A GREENER FUTURE"

HOLI CELEBRATION IN BOARDING HOUSE.

At Shri Ram Centennial School, Holi is more than a festival; it's a cultural celebration that unites the school community. Students and staff of the Boarding House come together to take part in customary play with colors and enjoy delightful treats. It serves as an opportunity to promote togetherness embrace differences and create enduring memories that showcase the beauty of Indian heritage.

"Championing Excellence: Honoring Teachers for Their Vital Role in Olympiads"

Teachers play a pivotal role in nurturing the talents and potential of their students, and one way they showcase this dedication is through organizing and conducting Olympiads. These academic competitions not only provide students with opportunities to excel but also serve as a testament to the hard work and commitment of educators who go above and beyond to foster academic excellence.

The afternoon of 10th March was dedicated to presenting appreciation and awards to our educators who played a pivotal role in fostering our students' success in SOF OLYMPIADS

Senior School PTM

During parent teacher meetings, also known as PTMs, educators and parents come together informally to work collaboratively in assisting students to reach their objectives. These gatherings provide an opportunity for everyone to talk about a student's progress, areas of proficiency and where they may need support. By engaging in discussions, during PTMs, teachers and parents can gain an understanding of their student's life both at home and in school. This collaboration benefits both parties by enabling them to assist their children. Working together in this manner enhances student learning outcomes and overall satisfaction with the experience.

Drama In Education

'The most valuable resource teachers have, is each other. Without Collaboration, our growth is limited to our perspectives.'

In today's rapidly evolving educational landscape, the role of teachers extends beyond imparting knowledge to students; they must also continuously update their teaching methods, skills and pedagogies. Teachers' workshops are essential venues for professional development because they give teachers the chance to improve their methods, work together with other educators, and stay up to date on the newest tools and trends in education.

Teachers' sessions at SRCs encourage networking and collaboration among educators. Our principal, Dr. Arvindanabha Shukla and our drama instructor Mr. Siddharth Joshi created and led a session on 'Drama In Education' for the Junior Wing teachers. The educators took part in the workshop and gained practical experience with a variety of teaching methods for incorporating theatre into the classroom. Teachers discussed best practices, exchanged ideas, and gained knowledge from each other's experiences in this workshop. Pertinent to mention that collaborative learning environments not only empower teachers but also encourage a culture of continuous improvement within schools.
